In addition to its gaming and entertainment properties, Mohegan owns and hosts the home games of the Connecticut Sun, a professional basketball team in the Women's National Basketball Association.

Mohegan Culture and Community Impact

At its core, the Mohegan culture is what differentiates them from other gaming and entertainment entities. Mohegan is built on the four key principles of the Spirit of Aquai: welcoming, cooperation, building relationships and mutual respect. The tribe's rich heritage provides the foundation for operating their business and guides their commitment to team members, their approach to guest services and their relationship with partners and the communities in which they operate and serve.

Mohegan has a long history and deep commitment to supporting the local communities in which they operate and serve, spanning important partnerships, charitable giving, sustainability initiatives, funding infrastructure, and providing local and state revenue generation.

CORPORATE SOCIAL RESPONSIBILITY

The Mohegan Way is at the heart of Mohegan and represents the high standards by which the company treats its team members, conducts business and partners with communities. Mohegan is built on the four key principles of the Spirit of Aquai – welcoming, cooperation, building relationships and mutual respect – and that philosophy drives the company’s corporate social responsibility efforts.

Environmental Sustainability

Mohegan is a steward of our planet and acknowledges a responsibility to operate in a manner that provides a healthy, safe, and enriching environment for present and future generations.

The company’s environmental, social, and governance (ESG) framework encompasses environmental sustainability, with a specific focus on energy conservation and management of resources; social efforts that invest in and support team members; Diversity, Equity, and Inclusion (DE&I), responsible gaming, and community support; as well as governance and business ethics that guide company leaders, teams, and network operators.

Community Support

Mohegan has a long history of supporting the local communities in which it operates. Each year, the Mohegan Tribe and Mohegan make financial and in-kind donations to hundreds of local non-profit organizations, host frequent non-profit events and participate in numerous community fundraisers. All Mohegan properties have deep relationships with United Way chapters and support several important causes that impact lives.

Mohegan and Mohegan Sun support organizations throughout Connecticut, including the Connecticut Special Olympics, Girl Scouts of Connecticut, and the Make-A-Wish Foundation. In Pennsylvania, Mohegan and Mohegan Pennsylvania support nearly 300 organizations, including Northeast Regional Cancer Institute and Big Brothers Big Sisters. In Canada, community partners include United Way Niagara, the Push for Change Foundation, Project S.H.A.R.E. of Niagara Falls, and support for women’s shelters, food banks, and health services.

Economic Impact

In 2022, Mohegan released its first-ever Economic Impact Report, commissioned by Oxford Economics. The report found that Mohegan generated a total of \$5.2 billion in local economic activity in 2019, delivering a significant, positive impact on employment, household income, and direct visitor spending, as well as state and local tax support.

The analysis examined all Mohegan properties in operation in 2019: Mohegan Sun in Uncasville, Connecticut; Mohegan Pennsylvania in Wilkes-Barre; ilani in Ridgefield, Washington; Resorts Casino Hotel in Atlantic City, New Jersey; and Niagara Casinos in Niagara Falls, Ontario.

THE HISTORY OF MOHEGAN

Early Roots

In 1995, the Mohegan Tribal Gaming Authority (MTGA) was formed to represent the Mohegan Tribe in casino development and management. From the outset, MTGA was built on the foundation of living and operating based on the Spirit of “Aquai,” the Mohegan word for “greeting.” The Spirit of Aquai encompasses four key principles: Welcoming, Mutual Respect, Cooperation and Building Relationships. This centuries-old guiding philosophy has allowed the Mohegan Tribe to prosper in the community for hundreds of years and truly defines Mohegan.

In 1996, less than one year after breaking ground, MTGA’s flagship property, Mohegan Sun, opened and immediately became one of the largest casinos in the world.

Evolution in the Early 2000s

Heading into the new millennium, the company continued to grow alongside its flagship resort, and in 2001, MTGA invested \$1.1 billion to transform Mohegan Sun into a fully integrated resort destination – one that combined the excitement of gaming with world-class hotel accommodations, acclaimed dining, vibrant nightlife, luxury shopping, and live entertainment events.

In 2003, the Mohegan Tribe made history by becoming the first Native American tribe to own a professional sports team. Known today as the Connecticut Sun, this women’s basketball team is a member of the Women’s National Basketball Association (WNBA).

Drawing on the success of Mohegan Sun, and valuable lessons learned every step along the way, MTGA continued to evolve, shifting its focus from managing one property to expanding its portfolio as a way to introduce the brand’s cultivated experiences to new markets around the country. In 2006, MTGA acquired and began operating Mohegan Pennsylvania, previously known as Mohegan Sun Pocono, located across 400 acres in Wilkes-Barre, PA. It was the first entertainment resort destination in the state to offer slot machines and one of the first to feature live table games.

Domestic and International Expansion in the mid-2000s

In 2012, MTGA entered a joint venture, and management arrangement with the owner of Resorts Casino Hotel in Atlantic City, N.J. MTGA’s takeover of the once-vibrant Resorts Casino Hotel became the first Native American-owned casino in Atlantic City and the first time a Native American tribe had taken ownership of a commercial property in the United States. MTGA reinvigorated the property with its trademark, all-encompassing experiences, and the all-new destination was awarded “Casino of the Year” honors in its first year under new management.

In 2016, MTGA crossed into international territory as Mohegan was selected from dozens of other potential investors and awarded a license from the South Korean government to develop and build a first-of-its-kind integrated entertainment resort at Incheon International Airport in South Korea. Named Mohegan INSPIRE, the property will be located only minutes from one of the world’s top 5 airports for international travel.

In 2017, Mohegan expanded to the West Coast as the company opened its doors to ilani. Developed in partnership with the Cowlitz Tribe, the stunning ilani property, which means “to sing” in the Cowlitz native language, sits on 152 acres in La Center, Wash. and has become the region’s premier gaming, dining, entertainment, and meeting destination.

In 2018, Mohegan’s international footprint continued to expand by announcing it would become the service provider for Fallsview Casino Resort, Casino Niagara, and a 5,000-seat Niagara Falls Entertainment Centre in Niagara Falls, Ontario. Mohegan assumed the day-to-day operations of these properties from the Ontario Lottery and Gaming Corporation (OLG) in the summer of 2019.

Continuing to Break Barriers

In 2021, Mohegan made history by becoming the first Native American tribe to operate a casino in Las Vegas.

As Mohegan continues to solidify its position as a worldwide leader in the integrated entertainment resort industry, and a premier global gaming and entertainment company, its commitment to honoring its heritage, maintaining its values, and guiding philosophical principles according to the Spirit of Aquai will never change.

PROFESSIONAL SPORTS FRANCHISES

Connecticut Sun

In January 2003, the Mohegan Tribe became the first Native American Tribe to own a professional sports team with its purchase of the Orlando Miracle, a Women's National Basketball Association (WNBA) franchise founded in 1988. Renamed Connecticut Sun, the team was relocated to Uncasville, Connecticut, where they are managed by Mohegan and play home games inside the Mohegan Sun Arena. Each year after an April training camp, they play a 34-game season (17 at home and 17 away) from May through August.

The team's name comes from its affiliation with Mohegan Sun, and the logo – a fiery orange sunburst, a WNBA basketball and a blue ribbon with four white semicircular domes – is a modern interpretation of an ancient Mohegan symbol. For more information, visit sun.wnba.com.
